MONASH UNIVERSITY KENDO CLUB

Founded in August 1991 by Stelios (Stilts) Polichroniadis, Tim Wilkin and Michael Helmer, Monash University Kendo Club has had somewhat of an interesting existence compared to other clubs. Club leadership has passed through many hands including Stilts Polichroniadis, Julian Richardson, Arpad Maksay, Neil Perera, Aldy Masna, Ophelia Wong, and most recently Sensei Yoichi Yano. In addition, club instructors over the years include Kate Sylvester, Yoichi Miyamoto, and Cyntheia Lim just to name a few.

Monash University Kendo Club is very much a product of the greater Kendo community and we thank you all for all the guidance and support you have given us. We hope you enjoy our 20th anniversary event!

Below are our current and special 20th anniversary tenugui designs. The charactes that adorn them both were chosen by Yano Sensei. The calligraphy for our 20th anniversary tenugui is written by Nakakura Kiyoshi Sensei (Kendo Iaido 9th Dan) and has been graciously donated by Kendo Nippon for our 20th anniversary celebration.

“KOK KI”

“Self-control”, achieved by overcoming fear, hesitation, doubt and anxiety. The shinai is a sword directed towards our opponents however, it should not be forgotten that the same sword is also directed towards ourselves. This is because Kendo is the process of human development through the proper learning and application of the principles of the sword.

“KO KEN CHI AI”

"Knowing love through crossing swords." When we keiko together, an attachment manifests within each person such that they have a feeling whereby they want to keiko together again. This promotes human relationships, friendship, and harmony. We get to know each other through the practice of Kendo, and strive for human development in ourselves and in each other.
